For 50 years, Petco has been a trusted source for high quality premium pet products and services in local neighborhoods across the U.S. We've demonstrated our commitment to helping pets live long, healthy and happy lives through a long history of making decisions to do what's best for pet parents and their companion animals.

In the spirit of this heritage, Petco introduced Unleashed by Petco in 2009 with the opening of the first location in San Diego's Hillcrest neighborhood. Focusing on exceptional customer service in a fun, pet-friendly environment, Unleashed by Petco combines the personal commitment, intimacy and expertise of a neighborhood pet store with the price/value and rewards of a national retailer.

At Unleashed by Petco we are committed to handpicking the best brands to help pets thrive with a broad range of food and treat options that support complete pet health.

Designed specifically for the most discerning dog and cat lovers who believe their pet is an extension of themselves, their values and beliefs, Unleashed by Petco offers pet parents the best in sustainable, organic and natural products as well as exclusive fashions and accessories.

Unleashed by Petco also offers a variety of community and fundraising events, including pet adoptions, as well as services like dog training, vaccination clinics, and self-serve dog wash.
